

Idea catalogue for a creative product

The course "Youth Unite for Global Change" ends with a creative product which should help your target audience understand and engage with the topic. Only your imagination (and the framework set by the school) sets the limits.

Find inspiration in the examples below

- Make a hydroponic planter box
- Start a littering campaign
- Build an art installation
- Organize a demonstration
- Build a bench for conversations
- Make a guide to repairing clothes
- Organize a bottle deposit collection
- Create an animated film about anxiety
- Create a climate-resistant kitchen garden
- Start a mentorship program
- Organize a theme day
- Create a board game

The teaching course has been developed in collaboration with youth advisors from SOS Children's Villages' project "Leave No Youth Behind," students and teachers from Askov Efterskole, and Efterskoleforeningen. The project and course are supported by Danida.
